Terrace® 75

Terrace screen system

www.comhan.com

Terrace® 75 is a new aluminium profile system (including accessories) for the manufacture of permanent terrace screens. The system can be supplied in a raw and anodised finish. Can also be made to order and decoratively powder coated upon request (in standard RAL colors). Click on www.comhan.com for more information or send your request to: comhan@comhan.com

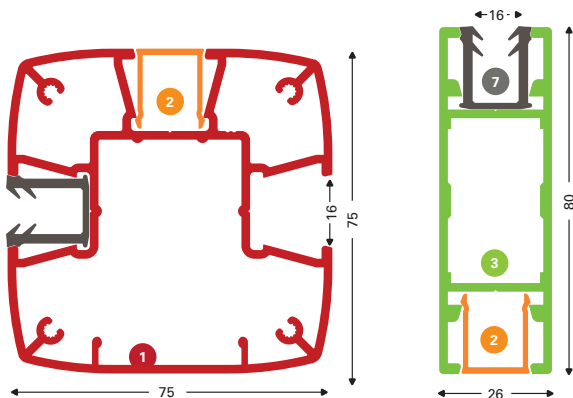

Terrace® 75 available from stock:

- In standard length 6100 mm in mill and anodised (color paint upon request)
- Sawn to size as a simple to assemble construction package (upon request)
- Steel bases, profiles, rubbers, end caps available from stock.
