

Our range includes standard and special [aluminium sheets](#), including MiraWall powder coated aluminium sheets. The heavy duty powder coating makes MiraWall very suitable to be used in construction and industrial applications.

We can provide 12 colors directly from stock, including the RAL colours [7016](#), [7021](#), [9004](#) and [9005](#) with a structure coating.

Can't find your desired colour in our range?

MiraWall sheets in other standard RAL colours are available on request from 500 kg.

We can also supply sheets in special or 'custom' colours made to measure for any type of use (minimum order quantity).

Customised aluminium

Do you need [customised aluminium sheets](#)? At Comhan you can have your aluminium profiles and sheets fully machined exactly to your requirements.

MiraWall is suitable for:

- aluminium façade panels and roof edges;
- interior and exterior finishing;
- backpanels for signs;
- processing techniques: cutting, folding, punching, bending, etc.

Benefits:

- Easy to use
- Standard sizes in stock, available in 12 colours
- Customised sizes on request (also on coil)
- Standard, special and 'custom' colours available on request

Specifications:

- Minimum inside bend radius: 1,5 x D (D= sheet thickness)
- Minimum inside bend radius structure coating: 2,5 x D (D= sheet thickness)
- Quality: EN AW 5005
- Back sheet: 1,5 Mu. Zirconium
- Protection foil: 80 Mu.
