Quick and easy to assemble!

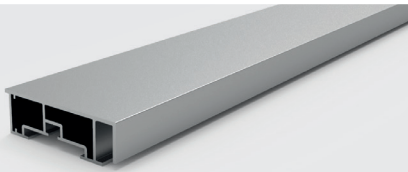

# LedBox 75 & 100

For making LED illuminated frames for indoor and outdoor use
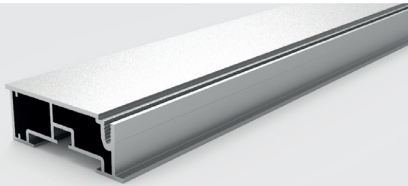

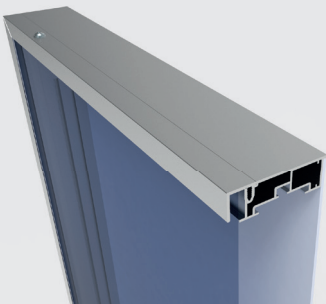

LedBox 75

LedBox 100

LedBox 75/1

LedBox 100/2

LedBox 75 & 100:

- Aluminium profiles for making **'slim' single and/or double-sided** LED frames or illuminated signage (backlit or edge-lit).
- The mitred corners are quick to assemble with **fast-fix corner connections** and **support angles,** if necessary, to increase the rigidity of the frame.
- The advertising panel can be hung up in the profile and can be **easily changed** using clamping frames.

Aluminium systems with LED lighting by Comhan

Aluminium LED boxes and lightboxes are available in many different shapes and can be used for illuminated advertising signs. Comhan has a wide range of lightbox profiles in stock for various applications, including the DiaBox, LightBox and now also the LedBox. If required, Comhan can also supply LED light sources, if necessary preassembled on the lightbox profiles.
